2026

9th January 2026

Happy New Year!

Welcome to ESG Group Ltd's first quarterly newsletter of 2026! We're thrilled to share practical insights, key industry trends, and stories that matter. We'll keep you informed on all things from new products we're launching this year - keep a close eye out, alongside an insight into the team and a closer look into the office and production teams.

ESG Group Ltd 1st glass processor in the UK to launch own EPD.

Announced at the end of 2025, we're incredibly proud to be the first glass processor in the UK to launch our own EPD. We're working extremely hard to make a significant impact in sustainability through challenging conventional methods in our manufacturing, and will be continuing to commit to further eco-friendly practises where possible.

2026 Project Updates

We're excited to be working on some of the UK's largest and most high-profile construction projects. Currently, we are heavily involved across multiple packages and sectors delivering high-volume solutions to demanding programmes. This includes the supply of more than 4,000m² of glass to each of the landmark Google and CitiBank developments, underlining our capability to support major projects and commitment to quality at scale.

Reverse Polarity LCD Switchable™

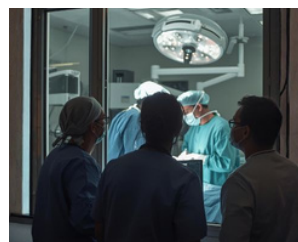

ESG LCD Switchable™ Suite

As many of you will already be aware, we've been working on not only being an industry leader in Switchable™ Glass, but also being one of the first manufacturers to offer a suite of products to choose from. As a reminder, our key LCD products are:

- **LCD Switchable™**
- **LCD Super Clear Switchable™**
- **LCD Crystal Clear Switchable™**
- **LCD Tinted Switchable™**
- **LCD Projectable Glass™**

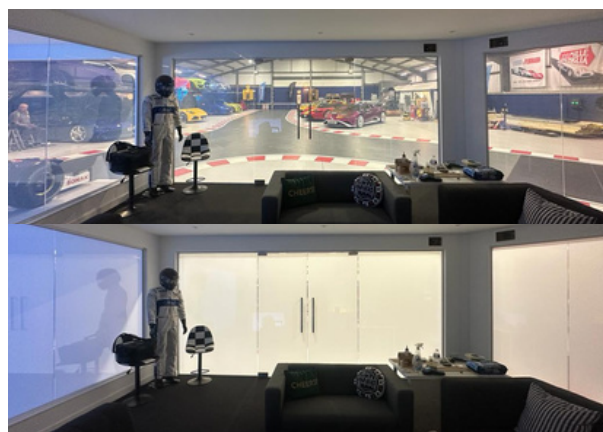

Healthcare Benefits & Applications

Switchable glass in healthcare settings elevates patient privacy with a flick of a switch and enhances hygiene by eliminating the need for physical blinds that gather dust. An added bonus is with our innovative wall switch design, it can be switched using your elbow. Our **Crystal Clear Switchable™** is also a fantastic options for teaching hospitals, giving a clear view from all angles.

Acoustic Options & Domestic Benefits

Believe it or not, this race track is actually in an area of a private home! Providing that wow factor that - lets face it, most of us don't have in our basement! However due to being a domestic premises, it not only had to be aesthetically pleasing, but also functional in it's sound control. We combined our **LCD Switchable™** interlayer with an acoustic interlayer, and created the perfect product.

Personal Achievements!

Commercial Director Completes Ultramarathon

When our Commercial Director Graeme isn't on the clock, he's an avid long distance runner who frequently completes Marathons of all varied distances, however this one was particularly special as it raised money for a family members much needed treatment. Surviving on 2 hours sleep per night, he ran a total of 270 miles across 6 consecutive days and raised an impressive sum to help towards the treatment.

Internal Sales Manager Natasha completes 12 years at ESG

We also celebrated an incredible milestone for our Internal Sales Manager, Natasha Reynolds who has completed 12 years with ESG Group Ltd! Natasha began her journey with us as a Customer Service Administrator and has worked extremely hard to progress to her current position.

CORE VALUES

- INTEGRITY**
DELIVERING SERVICE AND PRODUCTS
WITH TRANSPARENCY AND RELIABILITY
- DYNAMISM**
PROACTIVE IN OUR APPROACH
- EXCEPTIONALITY**
PRODUCTS, SERVICE, PARTNERSHIPS
AND TALENTED PEOPLE
- RESPECT**
AT THE HEART OF ALL THAT WE DO
- COMMITMENT**
WE TAKE OWNERSHIP OF OUR ACTION

Ana-Maria & Bogdan Borta tie the knot!

Our very own Ana and Bogdan celebrated their wedding last Summer! Joined by colleagues in Chelmsford and family in Romania across two dates. We're so happy for both of them and grateful to have been able to celebrate their big day with them.

What to expect from ESG Group in 2026

Whilst there will be a few exciting updates including new products and developments, our core focus will remain providing the best quality & service were known for.

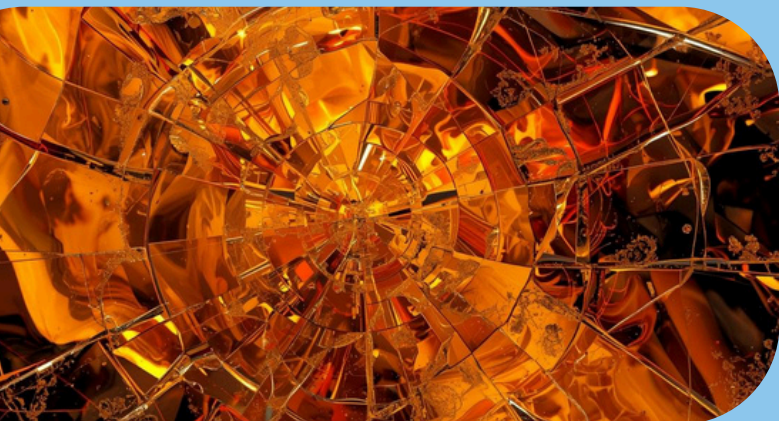

You can also keep an eye out for...

A flythrough look into our updated factory at ESG HQ

Since moving premises in 2020, we've put a lot of time, effort and of course, money into making our factory the most efficient it can be, whilst ensuring quality is still paramount.

We've invested into top of the range machinery to dramatically reduce manual handling, alongside a bunch of updated processing tooling to improve our manufacturing time and therefore lead times.

You'll also get to see the impressive way we recycle all of our water usage throughout manufacturing!

New Products Launching

As the industry evolves with the ever changing regulations and specs, it's important that we evolve with our manufacturing capabilities. We put a lot of time into 2025 researching how we can accommodate our customers across the board and will be launching a few new processes to elevate our capabilities.

The team continues to grow

As we get busier and strive to be continuously improving our service, the team naturally grows with us. We've been lucky enough to be starting 2026 with a larger in house team and look forward to getting them trained and integrated.

Stay tuned for new staff announcements.
