

# Introducing the new generation of switchable glass

## esg switchable super

Optically clearer than standard switchable with less haze  
when viewed from an angle

## esg switchable crystal

Matching the clarity and less haze of our super product  
but switches in reverse. So clear when off and opaque  
when on

Ideal for commercial, hospitality, high-end residential settings,  
showers and wet rooms and medical and security applications

Switching is distinctly clearer!
